

If you are a member of HBR and would like to request an audit on the list of companies, below are some ways:

- 1. The companies with “On-line” next to their name means that they have the audit reported uploaded into their “PSM Audit” folder on XNET. If you have access to their materials you will also have access to their audit. If they have not given you permission, you can request permission using XNET or you can email HBR with a list.
- 2. If you are a member of HBR, you can send the list of companies that you want and it will be sent directly to you.
- 3. If there is a company that is not listed but you would like audited for your company, please complete the information below.
