

HBR Best Practices Seminar

Total Safety's Industrial Safety Moments App

Health, Safety and Environmental

June 15, 2016

2015 Total Safety Best Practices

Throughout 2015, Total Safety strived to implement safety policies and programs that served to improve not only the safety of our employees, but also to positively contribute to the safety performance of the customer/client sites in which we operate.

Our sustaining efforts to “**ensure the safe Wellbeing of Workers Worldwide**,” or W3, are championed by our “Best Practices” presented during the HBR Audit.

Today, as part of HBR’s Best Practices Seminar, I present to you Total Safety’s...

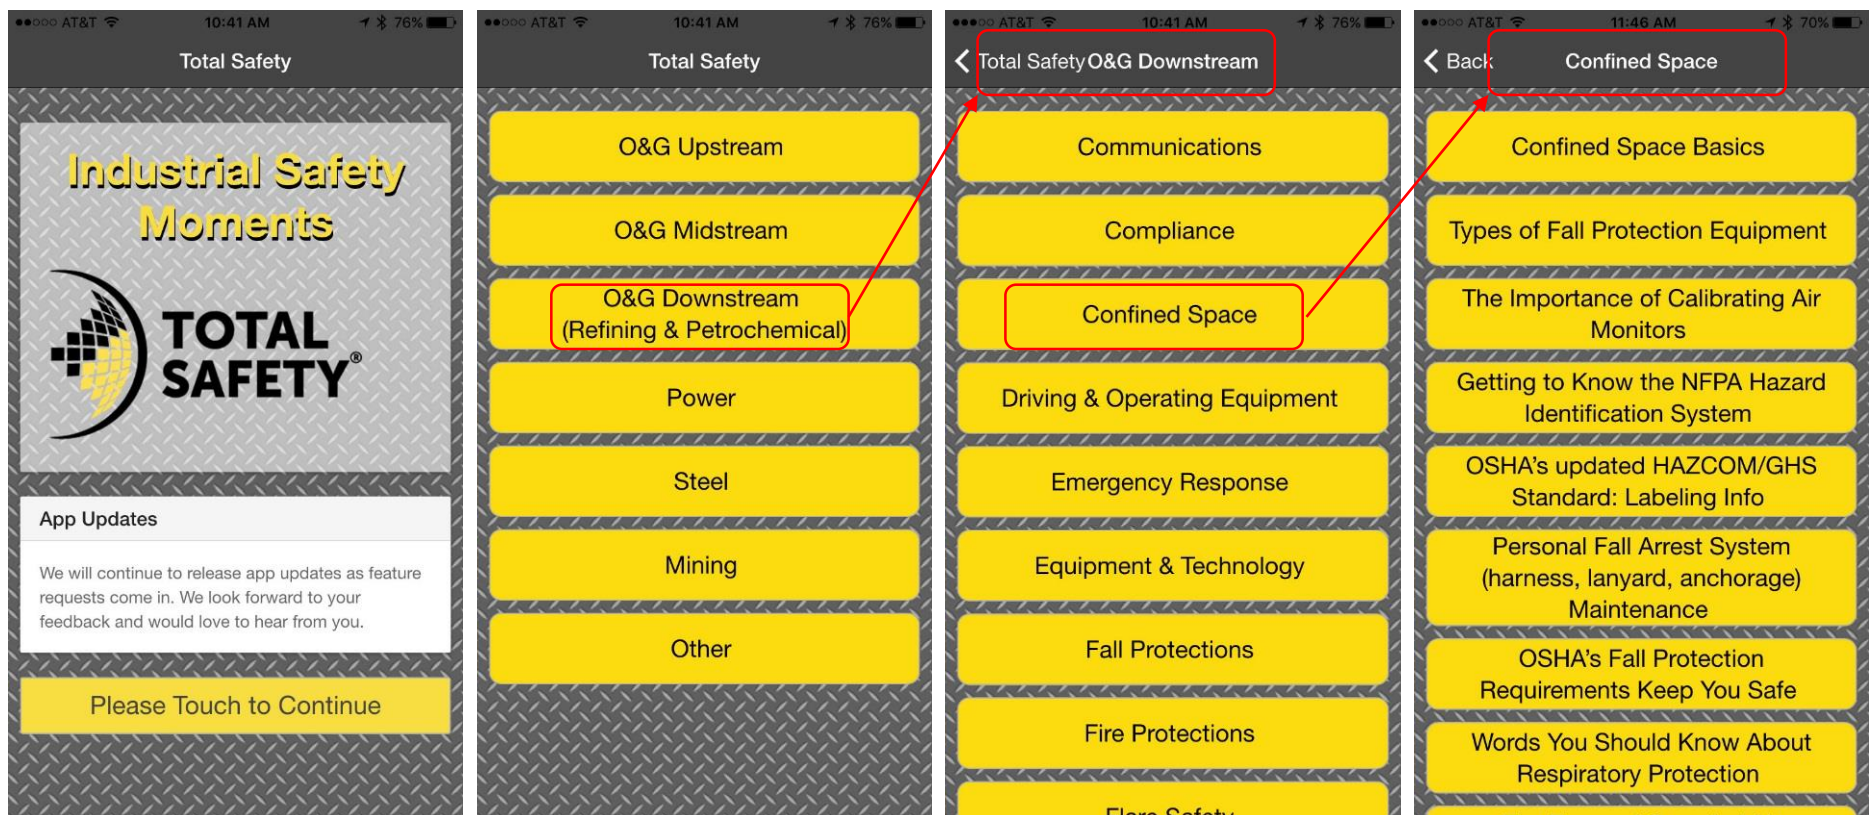

“Industrial Safety Moments App”

Looking for a Safety Moment? *There's an App for that!*

Our new safety app is being well received with an average score of 4.5 out of five stars.
The app is available in [iTunes](#) or on [Google Play](#). [Click here for a short instructional video.](#)

Conclusion

In summary, Total Safety's ***Industrial Safety Moments App*** serves as a valuable tool to anyone looking for a quick, reliable safety message.

- Incorporates modern mobile technology
- Widely accessible (who doesn't have a smart phone these days?)
- Includes a wide variety of topics (updated and expanded)
- Includes direct links to references/sources (OSHA, NIOSH, etc.)
- "Share the slide" feature – tap a button to convert the Safety Moment to a PowerPoint slide and email it to yourself or others
- Easy share feature (send the App directly to others)

This Best Practice is one of the many tools we use to “**ensure the safe Wellbeing of Workers Worldwide (W3)**”. It promotes safety, interaction with others, engagement...all important factors in building a strong safety culture.
