

Creating PSC's Virtual Classroom

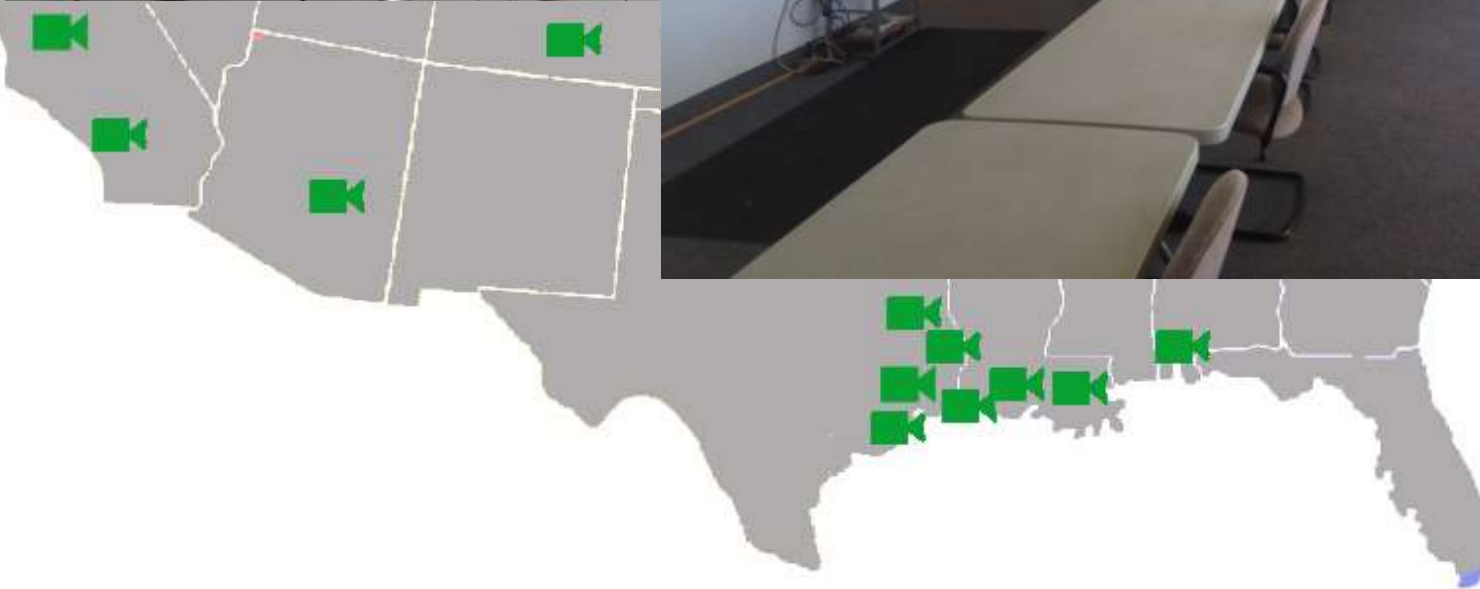

Concept to Reality

2017

HOW IT STARTED

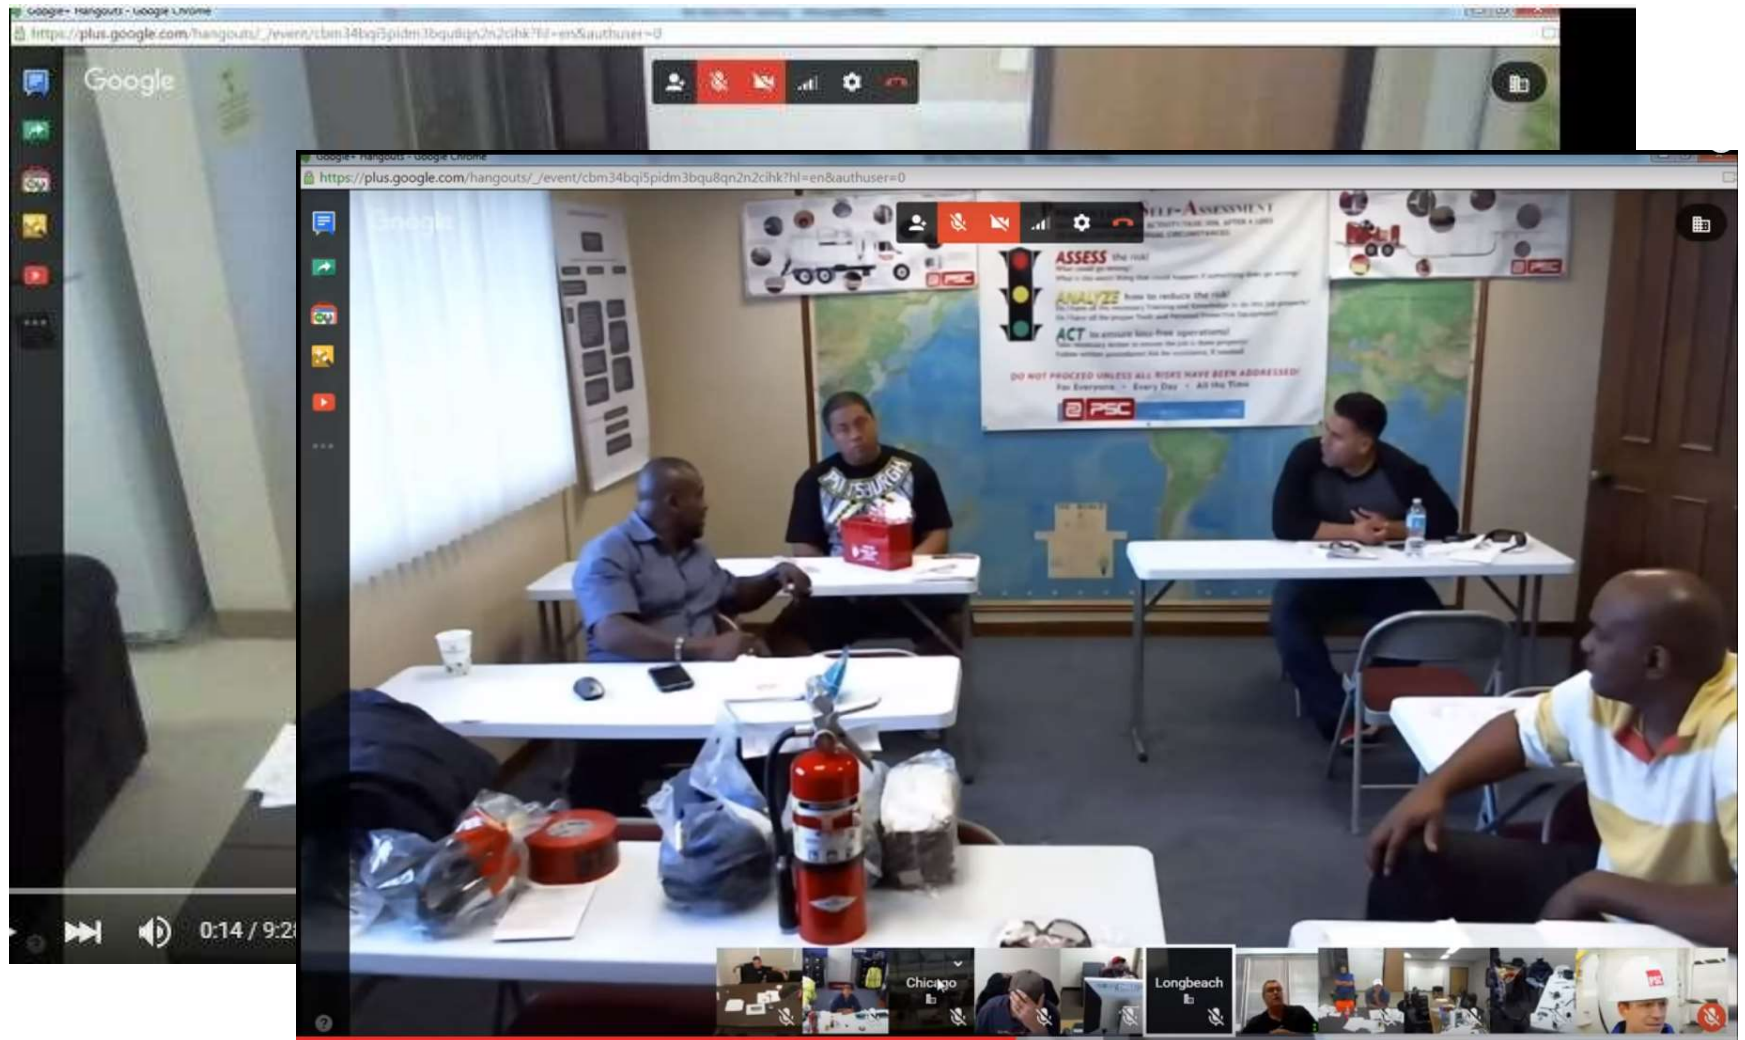

THE TRAINERS AND THE TRAINING CHANGED

A screenshot of a Google Hangouts session. On the left, a video feed shows a man in a purple shirt and white cap. The main window displays a presentation slide titled 'GROUNDING' with the PSC logo. The slide text reads: 'Grounding - Connects one or more non-conductive objects directly to the earth, which allows the static charges to dissipate to "earth".' Below the text is a diagram showing a tank and a truck, both connected to a ground symbol via a 'Grounding Wire'. The diagram also shows static charges (plus signs) inside the tank and truck. The bottom of the screen shows a Windows taskbar with various application icons and a system clock indicating 9:22 AM on 5/28/2015.

HOW CAN WE KEEP THE TRAINING EFFECTIVE

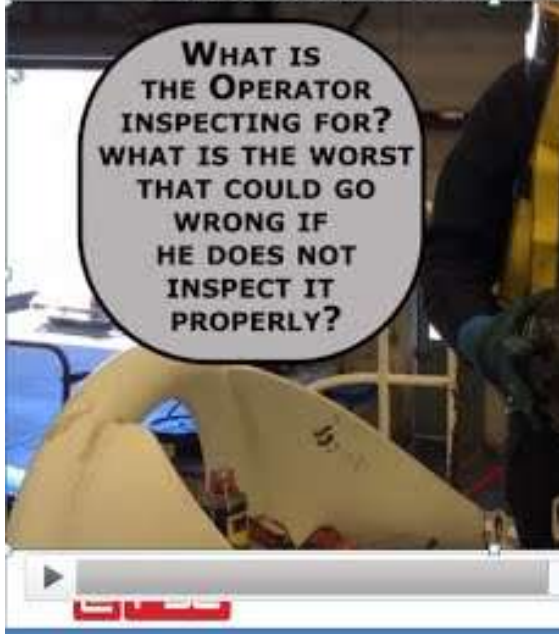

CRAFT CERT AND THE VIRTUAL CLASSROOM

Check Float Ball System

WHAT IS THE OPERATOR INSPECTING FOR? WHAT IS THE WORST THAT COULD GO WRONG IF HE DOES NOT INSPECT IT PROPERLY?

Check Water Tower Filter

Set Up Equipment

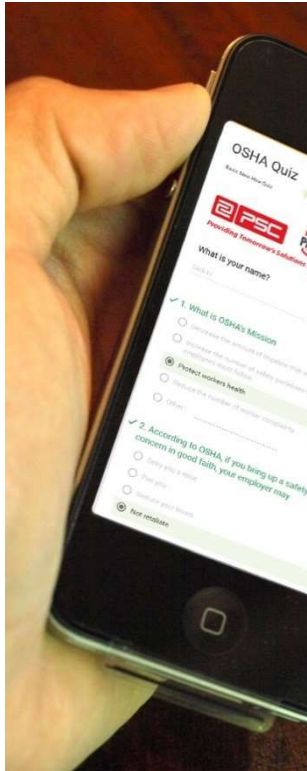

Open Water Tower

- Loosen the wingnuts and remove the filter cover
- Use a shop rag to wipe off any material and to clean the filter and filter box
