TECHNICAL SUPPORT SMALL BEST IN CLASS

GBR is a specialty roofing and safety solutions company focused on providing a safer alternative to traditional roof replacement by eliminating tear-off risks, heavy machinery, and fire hazards. Using Triton's cold-applied Tritoflex Membrane System, we provide a stable, non-invasive process that minimizes disruptions, reduces exposure to hazardous materials, and ensures compliance with OSHA standards, making our entire project safer to workers and building occupants.

Summary & Wrap up

Here at GBR Roofing and Sealants, we believe that Site App Pro isn't just a tool, it's a powerful asset that's transforming how we work. By streamlining safety processes, enhancing communication, and giving us real-time insights, Site App Pro is helping us create safer, more efficient job sites every day.

This program is also incredibly user-friendly and can be operated seamlessly on tablets, phones, or computers, making it easy for our entire team to stay connected and compliant wherever they are.

As we look to the future, we see Site App Pro as a partner in our growth. Its flexibility and comprehensive features will support us as we take on bigger projects, expand our services, and continue to set the standard for quality and safety in the roofing and sealant industry.

We're excited to keep leveraging this innovative platform to meet client needs, keep our people safe, and grow GBR Roofing and Sealants for years to come.

THANK YOU.
